August Ride Report • Palomar

Those of you who missed this August ride (and there were many, with a total of 15 riders) gave up a wonderful opportunity to ride property we have not been on before, Will Valley. We were guests of Frank Mendenhall, Sam Taylor and Mark Lemay. The ride took us up a mountainside covered in tall trees where we ended up in a beautiful open meadow

called Dyke Valley. Our beer stop was backed up to the tree line, where we paused a while, refreshed ourselves, and took in the view. Then back through the trees. Jim Sheridan, as always, had a delicious meal under popups provided by our membership. It was a great ride and a great day!
