## DE SAN DIEGO

April 2019

### President's Report

Since the last newsletter your board has had a full plate.

The 9th of April your 2019 board met its quarterly meeting. Items of discussion were the members only ride. Tom laff who is heading up the ride told us his plans were for the ride and from the sounds of it Tom has a great ride planned. At that same time the board voted that the ride would have a cost \$75.00 to help support the ride. It was also talked about getting more chairs and tables if needed for our monthly rides. It was also discussed what needed to be done prior to the members only ride for the park. Bill Cuddeback was a guest at the meeting and stated the road was in very bad shape. It was decided that we would form a work party prior to the ride to work/repair on the road leading into the park.

As many of you know, after the heavy rains this year the road was pretty much washed out. Thanks to Rick White, John Omahan, Bill Cuddeback, Tim Laff, Tom Laff, Bob Winning, Mat Jones we regraded the road to the best I have ever seen. The road leading into the park is better than many of the streets

we drive on in town. Again thanks Guys for all your hard work and for supplying the heavy equipment to handle the job!

Last months ride was at held PAMO Valley in Ramona. Our ride host was Bobby Neal and was led by Steve Vaughn. Our ride committee did a great job in making sure that we had a safe ride and made sure that we made it to our BAR stop. During the ride we crossed the creek several times all without any incidence. The weather was picture perfect and the trails were in prefect condition for any degree of horsemanship. This has always been a club favorite, and this goes to prove why. If you ever have the extra time, Bobby Neil invited us out to ride the ranch, just call him ahead of time. Thanks again to Bobby Neil and his family for allowing us this great opportunity to ride his property and also to our 2019 ride committee for pulling off such a great ride. Lastly I would like to thank all of our members that attended the ride making the ride such a success. THANKS TO YOU ALL!

Your President,  
Don Horn
