March 2024

President's Report

Well Cowboys, it's been an interesting start to the new year--plenty of rain and not a lot of riding. We missed out on what would have been a nice ride on the Don Daley Ranch in Jamul this past month. I did the pre-ride with Dennis Ince the week before the ride and we only made it halfway through the ride before we turned around on account of rain. We did get to see the kiln that's on the property, interesting structure! Dennis spoke with John Estelle to see about making that ride happen in the future. Sounds like John would like to have us ride the ranch.

Our next ride will be the Pamo Ranch in Ramona. Keep your fingers crossed that this ride will happen. The Ride is scheduled for the 28 th of April, looking forward to seeing everybody there. Don't forget to sign up on the website.

Looking forward to the Members Only ride. Dennis Carlson is working on getting everything set and in place for the weekend event. There will be a camp clean-up set for May 4 th starting at 8:00 am and going until noon. Lunch and refreshments will be provided. Don't forget to bring your weed eating equipment or sickle if you prefer. Rick White will have his brush cutting equipment on the job and we'll have a host of other jobs that will need attention. Please plan on being there, the more hands will make the job much easier.

I'd like to thank our past president Steve Vaughn for making our dinner dance happen, and a good one it was. Although there was a moderate turnout, it was a good time. Really good food, and dancing to some really great tunes thanks to the event's Musical Director Rick White who, with member suggestions, had a great lineup of musical selections. Steve presented his board members with some handsome shirts, and yours truly presented Steve with the commemorative president's belt buckle.

Let's all give a Los Senderos welcome to our newest member Trevor Omahen. It's nice that we're getting some young men taking an interest in our club and enjoying the fellowship among the members. It's the newer and younger members like Trevor that will keep the club legacy going.

2024 Monthly Ride Calendar

Finally, below is the correct ride calendar. Please note dates for the Members Only and Annual Rides.

Here's the updated ride schedule:
