LOS ANGELES — Special recognition went to San Diego District yesterday during the closing hours of the four-day 62nd annual California Federation of Women's Clubs convention at the Biltmore Hotel here.

Mrs. Harry Talbot, leadership development chairman, received the commendation for the district's "well-balanced program" which included cosponsorship of the annual Leadership Development

Conference, distribution of packets of leadership materials, and use of a "flying squad" to assist various clubs of the district with matters relating to leadership.

The district also received a certificate in the field of scholarships for the greatest monetary contribution in the state per person, \$7.30.

Southern District received a press and publicity award, which was accepted by Mrs. Eve Houghton, and El Cajon Woman's Club was recognized

in the California history and landmarks department.

The day's business was concluded with reports from California's General Federation representatives and a "Diamond Jubilee Pageant."

Delegates from San Diego's three districts said they would be returning home with "loads of food for thought and action" for the members who did not attend the convention.

The workshops and speakers had been outstanding and the awards exciting, many delegates agreed, but they'll be glad to get home to their families and their own coffee pots, they said.

By next year, however, when the convention will be held in San Francisco, familiar faces will be joined by new ones for the excitement that is convention!
